CONSUMABLES & COMPLETE SYSTEM

Paslode tools have a standard 2 year warranty, covering all components providing that Manufacturer's Operating Instructions have been followed, that no modifications have been made or non-original components or spare parts have been used, and that the tool has not been accidentally damaged or neglected.
*except COMBI Xi which is 3-Year warranty

IM45 GN PRODUCT CODE: 018608

The IM45 GN is the first cordless coil nailer. Its diverse range of nails suits many applications such as metal roofing and cladding.

IDEAL USERS
Metal Roofers working on residential and commercial projects. Also suitable for Carpenters working on cladding applications.

- | FEATURE | BENEFIT |
|---|--|
| 30 Joules of power | Ideal power ensures clean flush finish |
| Unique delivery system is in a class of its own | Decreased force needed to drive nails as opposed to hand nailing |
| Simple and versatile tool | Nail collation suits many applications |
| No-mar rubber tip delivers a perfect flush finish | Prevents surface damage to building materials |
| Optimised nose design and clear line of sight | Aids accurate fixing, even in tight spaces |

CONSUMABLES

- High nail capacity per coil: 125 nails
- No debris nail collation gives a clean flush finish

IM45 CW PRODUCT CODE: 018116

The IM45 CW Clout Nailer is designed specifically for clout nails which suit a wide range of applications such as flat roof membrane and shingles.

IDEAL USERS
Roofers and general builders working on renovation and commercial projects

- | FEATURE | BENEFIT |
|-----------------------------|---|
| Fires clout head nails | Suitable for a wide range of applications |
| 6x faster than hand nailing | Saving time and cost per job |
| 125 nail magazine capacity | Less time spent reloading |
| 30 Joules of power | Ideal power ensures clean flush finish |

CONSUMABLES

- High nail capacity per coil: 125 nails
