NEVER STOP BUILDING

PLEASE ADHERE TO SAFETY RECOMMENDATIONS & WARNINGS AT ALL TIMES.

CONGRATULATIONS - THANK YOU FOR CHOOSING A PASLODE TOOL

The **Paslode RoofTile Nailer** is the world's first tool built to fire aluminium and copper nails into flat concrete tiles and fibre-cement slates with speed and accuracy. The retractable nose probe locates pre-punched holes for an accurate fix, and the depth-of-drive adjuster provides total control over embedment. Plastic-collated nails prevent loose fasteners dropped on site, and with 125 nails per coil, the tool can fix over 60 tiles before reloading. **Faster. Safer. Smarter.**

THE TOOL

TECHNICAL DATA

Product weight	2.86 kg
Size / depth	348mm / 135mm / 347mm
Power	30 J
Fastener length range	30mm - 45mm
Maximum Cycle rate per hour (fixings)	1000
Maximum Cycle rate per sec (fixings)	2
Magazine capacity	125
Fuel cell capacity	1000
Fixings per battery charge	4200
Battery charge time	90
Battery type	Lithium
Operating temperature range	-7°C... +49°C
Peak Sound Pressure (EN 12549) LpCpeak	< 130dB(C)
Workplace Relevant Emission, LpA,1s,1m	86 dB(A)
Vibration (EN ISO 8662-11) ahv	2 m/s ²

IN YOUR KIT

- RoofTile Nailer
- Lithium Battery
- Lithium Battery Charger
- Cleaning Spray & Oil
- Allen Key
- Instruction Manual
- Quick Reference Guide
- Tool Schematics
- Safety Instructions
- CE Declaration of Conformity

CONSUMABLES YOU NEED

COPPER:

0° Plastic-collated coil:
Ø = 9 mm
L = 30 mm & 38 mm
Smooth

ALUMINIUM:

0° Plastic-collated coil:
Ø = 9 mm
L = 38 mm & 45 mm
Rink Shank

PASLODE NAILS

Renowned for the quality, drivability and reliability, our nails are manufactured to perfectly accompany your Paslode tool.

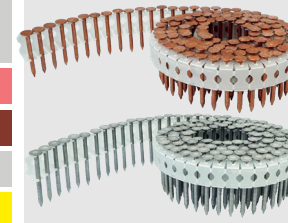

When used along with Paslode fuel, the full Paslode system provides a consistent optimised fixing performance, delivering a clean, flush finish even in the toughest materials and poor weather conditions.

Paslode nails can guarantee EuroCode 5, EN ISO11148-13 and BS5534.

EUROCODE 5 SERVICE CLASSES

Service Class 1 INDOORS	Service Class 2 INDOORS NOT HEATED, OUTDOORS PROTECTED	Service Class 3 OUTDOORS, EXPOSED TO WEATHER
BRIGHT		
ELECTRO GALV $\geq 12\mu\text{m}$ and GALV-PLUS® $\geq 15\mu\text{m}$		
HOT DIPPED GALVANISED $\geq 55\mu\text{m}$		
COPPER		
ALUMINIUM		
STAINLESS STEEL - A2 (AISI 304) & A4 (AISI 316)		

- 125 nails per coil, able to fix over 60 tiles before reloading
- Plastic collation prevents loose nails dropped on site
- Paslode Ring Shank nails double the withdrawal resistance compared to smooth nails
- All-weather performance for reliable fixing in tough conditions

PASLODE: THE COMPLETE SYSTEM

With Paslode you get peace of mind with the complete system. When all components are used together you get the full benefit of over 40 years of innovation and development.

Put simply, we know what works and how to make it work consistently day in and day out.

- **Fuel:** Greater power in a light weight, more compact tool
- **Battery:** 4,200 shots between battery charges
- **Nails:** All-weather and high bend resistant nails with higher driveability

Empowering you with the complete system.

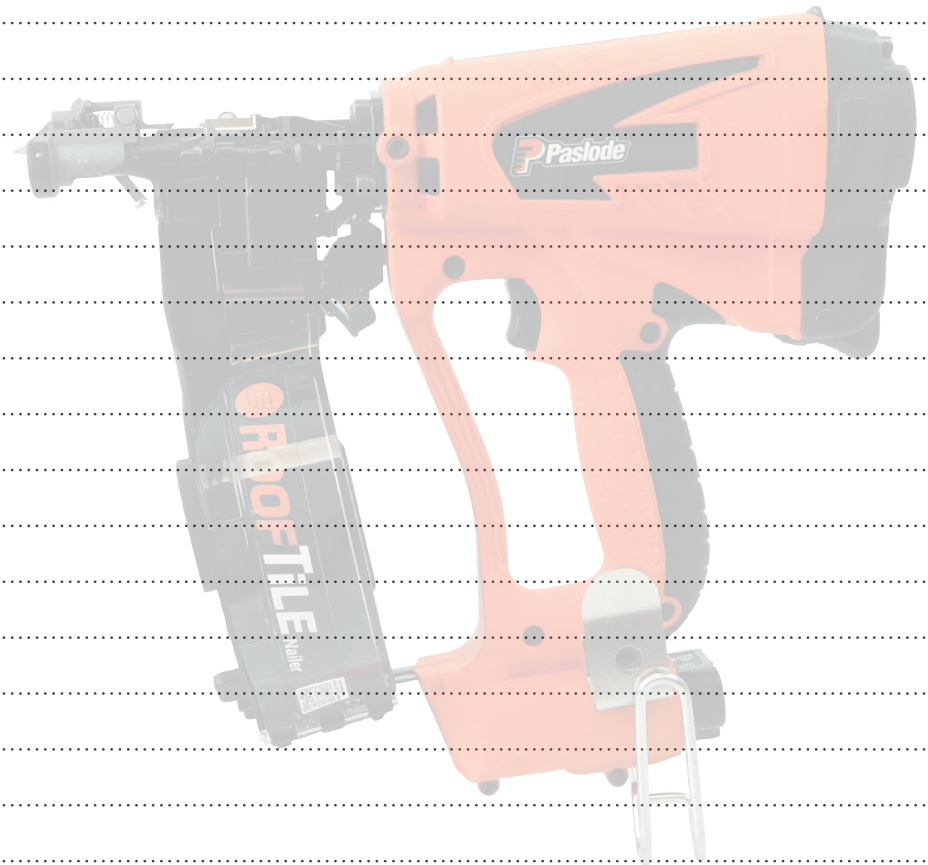

REMEMBER TO REGISTER YOUR TOOL FOR WARRANTY BENEFITS - www.paslode.co.uk

PREMIUM
3 YEAR
WARRANTY

We offer a premium 3-year warranty on all Paslode Xi tools and Coil Nailers, covering all components, provided the Manufacturer's Operating Instructions have been followed, no modifications have been made, only original components or spare parts have been used, and the tool has not been accidentally damaged or neglected. Except for the IM350+, which carries a 2-year warranty.

Refer to www.paslode.co.uk for further information on your tool and FAQ's.
